List of Honda engines - Wikipedia

It is possible to fix the engine, but that can take a lot of time and money.

Instead you might consider doing a Honda engine swap from another car with less miles on it. Or as an alternative, replace the engine with a brand new engine from the factory.

These tend to be expensive. A low mileage used engine can be found in other used Hondas that you can buy from a private party, or you can find them at the local scrap yard.
